During 2015, the APF (Paralysed Association of France) delegation of Hauts-de-Seine (Paris suburbs) and HP company located in Nanterre have partnered. This resulted in an awareness of motor disability and about accessibility. The story started in the premises of HP during the month of June 2015. This partnership has also enabled the delegation to buy a new oven for the members of the workshop and kitchen equipment. The gesture of solidarity offered the disabled to go sailing boat at few kilometres fro Nanterre, to Cergy, last summer. This adventure was such success that the two partners decided to repeat this operation next summer. Frederic Slcard in charge of the excursion explains "To continue this partnership between our two structures during the year 2015-2016, a meeting was held in September 2015 during which we discussed the various deadlines for the end of 2015 and 2016. It's been decided to conduct a new awareness in last November in the premises of HP.
